Aluminum Foil Rolls

Branded Retail Packs, and Jumbo Rolls

Unbranded Retail Packs

Alpha Omega Pack Factory, is an ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certified leading manufacturer of plastic and packaging solutions in the GCC region. Established in 1998, the company has grown from humble beginnings to become a leading name in the industry, recognized for its unwavering commitment to quality, innovation, and sustainability.

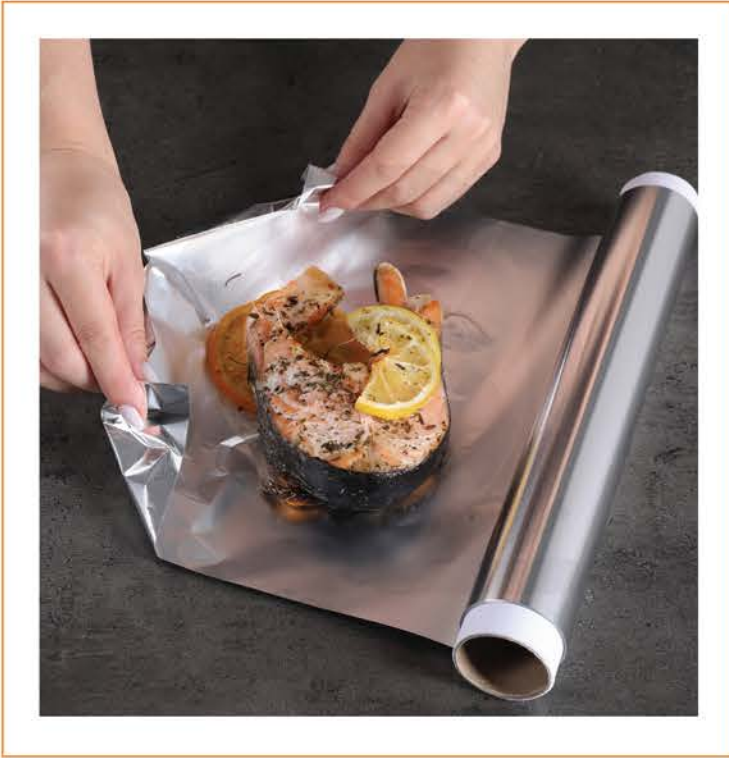

Operating out of a highly advanced facility in Umm Al Quwain, United Arab Emirates, Alpha Omega Pack Factory provides a wide range of high-quality products to more than 700 clients across the Middle East and Africa, making a significant impact in the region's packaging industry.

The company marked a significant milestone in its international growth by establishing its first offshore office in the UK in 2024 to serve a wider market.

We are amongst the few manufacturers with ECAS Oxo-biodegradable certified products, fully complying with UAE Standard S. 5009:2009 - reflecting our dedication towards reducing the environmental impact of plastic waste. Certified to the HACCP CAC/RCP 1-1969 standard, our company ensures the highest level of food safety and quality management. Our Aluminum Food Containers are SGS-certified, ensuring full compliance with the European Commission Regulation (EU) 2020/1245 standard for food-grade safety.

We cater to diverse industries, including logistics, hospitality, catering, cleaning, and government sectors. The company also provides white labeling services, allowing clients to customize and brand products according to their specific requirements. Our custom solutions and prompt, reliable service have earned us a reputation for excellence and customer satisfaction.

Aluminum Foil Rolls

Alpha Omega Pack Factory's Aluminum Foil Rolls are versatile, food-grade packaging solutions available in 30 cm, and 45 cm sizes; and in Retail Packs as well as Jumbo Rolls. Designed for durability and convenience, these foil rolls are ideal for wrapping, cooking, and preserving food. With customizable options and excellent thermal resistance, they cater to various industrial, commercial, and household applications.

We also offer white labeling services, allowing clients to customize and brand products according to their specific requirements.

Key Features:

- **Metal Serrated Blade:** The packaging is equipped with a durable metal serrated blade for precise and effortless cutting of aluminum foil.
- **Food-Grade Material:** Made from high-quality, safe aluminum for direct food contact.
- **Variety of Sizes:** Available in 30 cm, 45 cm, Retail Rolls, Jumbo Rolls, and custom lengths/weights for diverse needs.
- **High Thermal Resistance:** Withstands extreme temperatures for cooking, grilling, and freezing.
- **Durable and Tear-Resistant:** Strong and reliable, ensuring secure wrapping without ripping.
- **Customizable Options:** Core specifications, material grade, branding, and roll lengths/weights can be tailored to customer requirements.
- **Moisture and Odor Barrier:** Protects food from moisture, and odors, preserving freshness.
- **Convenient Packaging:** Rolls are easy to handle & dispense, optimizing user convenience.
- **Multi-Purpose Use:** Suitable for both food preparation and storage.
- **Professional Appearance:** Sleek, shiny finish enhances presentation for commercial uses.

Application:

Food service, catering, restaurants, households, bakeries, and industrial kitchens for wrapping, cooking, grilling, freezing, and preserving food, as well as packaging in retail and commercial settings.
